What size tub do I need?

BOCA manufactures seven different sizes of the BOCA Walk In Tub! Most commonly, the "Standard" size tub is ordered by customers which works well with a 50 gallon water heater. The fill time is approximately 7 minutes with a fast drain time of 2-3 minutes on average. The BOCA tub sizes are listed below:

- Standard
(30" W x 51" L x 36" H)
- 47
(30" W x 47" L x 36" H)
- 26
(26" W x 51" L x 36" H)
- Deepsoaker
(30" W x 51" L x 40" H)
- Wide
(32" W x 56" L x 36" H)
- Wide-Deep
(32" W x 56" L x 40" H)
- Two-Seater
(32" W x 62" L x 36" H)

WILL THE BOCA WALK IN TUB FIT IN MY HOME?

Let us help you with that! Answer the four questions below to determine fit and coverage in your home:

Which of the following do you have in your bathroom?

- ▶ Bathtub (with drywall or tile walls above the bathtub)
- ▶ Shower (shower pan with tile walls)
- ▶ One-Piece Tub/Shower Combo (one piece fiberglass or acrylic tub/shower unit)

Tip: If you have tile above your current shower or tub– select bathtub or shower only. We would suggest installing the BOCA Walk In Tub into the existing tile.

Tip: If you have a fiberglass or acrylic tub–shower combo (also known as a one piece unit)– we suggest using the BOCA wall surround system to cover the walls surrounding the tub. This system will cover 4' above the BOCA tub height.

What size is your tub and/or shower area? Length: _____ Width: _____

*****Send us a photo of your bathroom if you can!*****

Tip: Length (from left to right)

Tip: Width (from front to back or from where your floor starts to the back wall of the tub/shower)

What is the width of the door in your bathroom? Width: _____

Tip: BOCA tubs are frameless! We can fit our walk in tub in smaller areas due to this design. For instance, we can fit a 30" wide tub thru a 28" door opening! Don't worry tho, if your door is smaller, we can remove the trim and reassemble to gain extra width! With this technique, installers can fit a 30" tub thru a 24" door opening.

What size is the water heater in your home?

- ▶ 30–40
- ▶ 50–60
- ▶ 80 or larger
- ▶ Tankless/Other:

Tip: We suggest a 50 gallon water heater for the standard size tub and 75 gallon or larger water heater for the deepsoaker, wide, wide-deep, and two-seater models.
